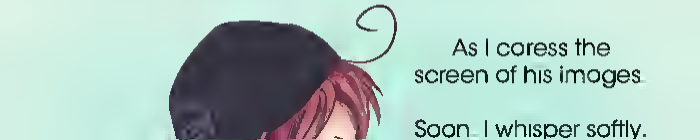
When will you collab with nigahiga? I'm still waiting



I'm into a certain type of personalities.
If someone exhibits those traits, regardless of gender, I'd find them attractive.

I'm picky as fudge lol. Unless I get precisely what I seek, I'd happily die alone.

WHOA a creator tag, they finally made it, so cool snail, so cool (ᵔᴥᵔ) Questions! What would you do on a zombie apocalypse? Do ya play games? If yeah what games? If you could choose between infinite ice cream and pizza and fried potatoes or infinite red velvet cake which one would you choose? If ya were a animal other than a snail what would ya be? Do ya have any pets, like doggies and cats? Whats yar favorite TV show? Do ya use apple, samsung or other brand of phones? *Overflowing curiosity*
